Thank you Ben.

I have had no comments. We've sought to be pen and communicate several tie with those most impacted. We are considering doing 3 public meetings on March 7, which may or may not get attendance), then we would be prepared to ask for our Council to adopt the modifications following those meetings and your formal approval.

All,

We are past the 60-day public notice period for the program modifications. I did not receive any comments or requests for meetings. All comments were supposed to come to me, but I just wanted to make sure that nobody else received any comments prior to moving forward with approval?

Thanks.
